\*This summary is incomplete in that reports from all stations are not included. Only larger stations, or stations representative of a geographical area are included. Fluctuations in strength at some stations, or in some areas, may be the result of not having received all reports from those stations or areas at the time this summary is published.

Note: One (1) case cerebrospinal meningitis reported from Ft. Hancock, New Jersey for week of February 7, 1942  
 One (1) case cerebrospinal meningitis reported from Ft. Bragg, North Carolina for week of January 31, 1942  
 One (1) case paratyphoid fever reported from Ellington Fld., Texas for week of February 7, 1942
